

26 SEASONS OF SIMPSONS:

***PREDICTING **LOW**, **MEDIUM**, OR **HIGH**
EPISODE IMBD RATING***

- LAURA HOWARD

564 *FULL EPISODE SCRIPTS*

Including IMBD rating per episode

1,306,503 *WORDS*

Plus additional scene direction notes

6,722 *CHARACTERS*

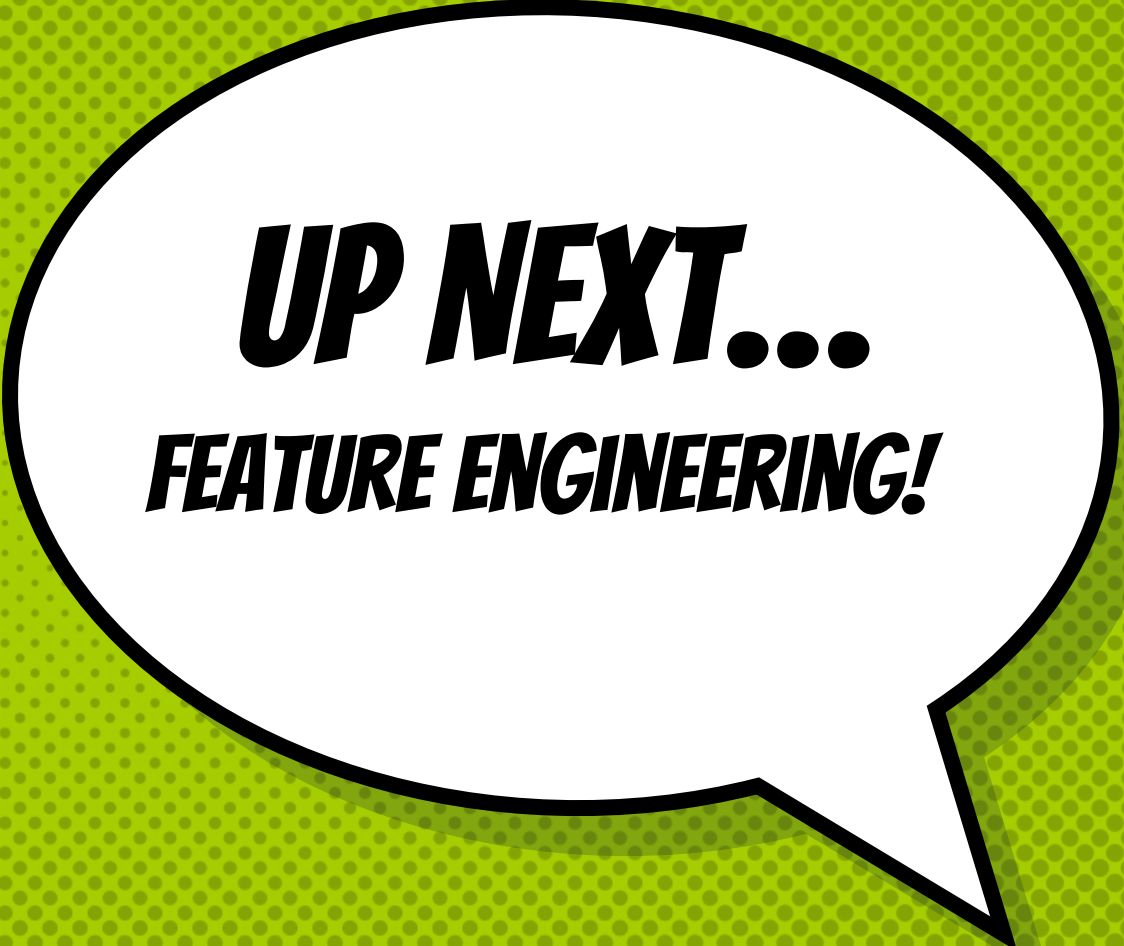

That's a lot of guest stars!

USE CASE

Can producers determine prior to full production if viewers will like an episode based on the script?

- × Cut episode scripts predicted to be low
- × Budget episode spend based on higher expected ratings
